

June 2024 Newsletter

Summer is upon us, and our great state of Georgia continues to thrive. Even with 45-year high record inflation coming from Washington DC, our state is growing and has continued to have record low unemployment. In a time where most news reported is negative or sensationalized, please take a moment with me to appreciate and enjoy our many blessings.

Kari and I love to enjoy traveling around Georgia. Whether you prefer the coast with Savannah, Jekyll Island, Sea Island, etc. or the mountains of North Georgia there is so much to offer. Before you travel to another state, please look at the incredible opportunities here and support local businesses.

Primary Election

On May 21st we held the Primary Elections for our state. I was very pleased with the results! Thank you for making me your nominee again.

It has been a typical election cycle filled with emotion and passion across all of Georgia. Elections are a profound expression of our great republic and liberty. We should never take for granted our freedom of self-determination. Running for elected office is very difficult and I have the joys and scars of a few election cycles. Anyone who puts themselves forward to be placed on a ballot will endure tremendous stress on themselves, families, friends and business. I respect and thank everyone who participated in the process.

Congratulations to those who won. I urge you to be magnanimous, build bridges and serve with honor. If you came up short on votes, be sure to stay involved. There are many ways to serve your community. Please call personally to concede the race and find a time very soon to meet personally with your former opponent to find common ground and work together. After all, the goal of public service is just that – serving the public.

Thank you again for allowing me to serve you. God Bless Georgia & America!

Protect your Home

The Filing Activity Notification System (FANS) is designed to offer individuals the ability to receive a notification when certain real estate and personal property records are filed with, indexed, and data is transmitted by Clerks of Superior Court throughout the state of Georgia. This tool can help assure nobody is trying to do anything nefarious with your property!

Study Committees

I have been assigned to important study committees by Lt. Governor Jones. These committees allow for important work, research, and testimony prior to returning to the 2025 legislative session.

Artificial Intelligence Committee: Chairman
State Corrections: Member

Law & Order

America is exceptional and we allow the freedom of speech and ability to demonstrate our beliefs. However, we do not have the right to break the law, threaten other people, take over buildings, set up camps, etc. This is unacceptable and against the law leaving them the right to remain silent and be placed under arrest.

I was shocked and dismayed by college students and faculty supporting terror organizations and chanting threats. I applaud the fine work by our men and women in law enforcement to end this foolishness.

On May 27th, we commemorated Memorial Day. An annual and somber day set aside for the remembrance of those that have died serving our country. Often times people mistake this as just a holiday and even using the word "Happy" which is inappropriate because it's a day to remember those who have made the ultimate sacrifice to secure our freedom and liberty. May God bless the fallen who gave the last full measure of devotion to the America States of America.

Senator John Albers serves as Chairman of the Senate Committee on Public Safety. He represents the 56th Senate District which includes portions of Cherokee, Cobb and Fulton County. He may be reached at his office at 404.463.8055
